Second CD release By CINEMATIK!!!

Drums from all over the world meet up with worldbeat/rock guitar and bass. Drums in the hands of Neal Smith, founding member & percussionist for the original Alice Cooper Band, Billion Dollar Babies and The Plasmatics, integrate and propel this explorative blend of songscaping.

Guitarist Robert Mitchell and bass player Peter Catucci, contribute vocals where verse and chorus structures diverge and merge with instrumental textures.

This mix is especially remarkable in the sonically stellar, supreme hands of 2002 Grammy Award Winner Rob Fraboni (Bob Dylan, Bob Marley, Rolling Stones, subdudes, Bonnie Raitt, etc.)

The final combination of percussive, inventive and harmonic, elements is in the pocket while bouncing off at about 11:30... just before midnight.
